Allow me, through the columns of your valuable paper, to call the attention of the public to a gross outrage, perpetrated in the City of Churches, in which I was made the victim of a foul consolvary, which was countenanced and aided by a zealous member of the Metropolitan police named Uraft. It appears that a pedier, residing in a four by six room in the tenement house 25 Fulton street, Brooklyn, (accupied, as the evidence elicited on the trial, afterwards shown by persons of a great many occupations, and some of no occupation at all,) lest, or pretended to have lost, silks and other goods valued at about \$173. And the above named policeman, on hearing their statement, without obtaining a warrant, or making search at the place where the burglary was committed, came to my residence and insisted upon searching the room occupied by me, and otherwise domeaning humself in making search at the place where the burglary was communicated, came to my residence and insisted upon searching the room occupied by me, and otherwise domesning himself in a most ungentlemanly manner. On the trial I proved by many witnesses of andoubted interrity that I was in this city transacting my business at the time of the alleged burglary, and during the whole day. I was honorably acquitted. I must also here remark on the scurrilous conduct of that miserabletreany a liner, known as Brooklyn "Eagle," who was so claborate in his description of the faris connected with the case, acting many innuendoes of its own, on the day of my arrest, but which, on my acquittal, merely noticed it in an obscure paragraph. Such conduct I hold to be unworthy of any paper which pretends to be a respectably conducted journal, worthy of the perusual of an honorable community, and would be far better suited to some black man gazetic.
